Compliance Time: At owner/operator's discretion.

Purpose: This Service Release announces the availability of an improved Pilot and Co-Pilot's seat vertical adjustment actuator control assembly. This new adjustment control allows easy and positive up and down adjustment of the seats and is retrofitable to all aircraft listed above.

Instructions: Contained in the appropriate kits specified in Material Required, below.

Material Required: (One kit required per seat):

1. PA-28 and PA-28R series specified above; Kit No. 761 103V, Vertically Adjustable Seat Control Assy. Installation, left and/or right seat @ special reduced list price \$ 8.00J;
2. PA-32, PA-32R, PA-34 and PA-34T series specified above; Kit No. 761 104V, Vertically Adjustable Seat Control Assy. Installation, left seat only @ special reduced list price \$ 8.00J;
3. PA-32, PA-32R, PA-34 and PA-34T series specified above; Kit No. 761 105V, Vertically Adjustable Seat Control Assy. Installation, right seat only @ special reduced list price \$ 8.00J.

Availability of Parts: Your Piper Field Service Facility.

Effectivity Date: This Service Release is effective upon receipt.

Summary: This product refinement is being offered at the above referenced special reduced price to encourage owner/operators to take advantage of this offer. Please contact your Piper Field Service Facility to obtain the appropriate refinement modification kit for your aircraft.
